COMPANY HIGHLIGHTS

HISTORY: Founded in 1988

LOCATION: Head office in Mersin, manufacturing plant in Adana

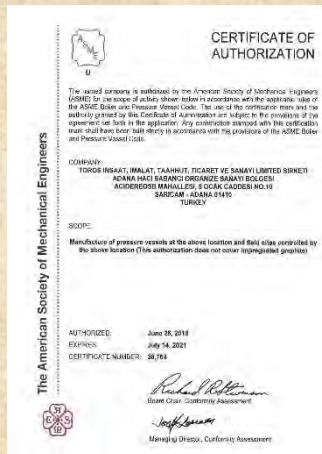

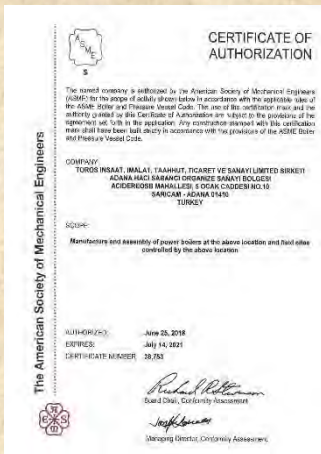

WORK FORCE: 150-250 employees depending on work load

SERVICES:

- HRSG casing & ducting, harp bundles (modules), exhaust & bypass stacks, diffusers, main structural steel, secondary steel structures (drum & silencer supports, stair towers, platforms, ladders, handrails, pipe supports, modules)
- Pressure vessels, storage tanks, process columns
- Prefabricated pipe spools, pressure piping
- Air Intake Systems
- Silencer & acoustical baffles
- Industrial fans
- Penstocks, gates, hydropower components

CERTIFICATIONS

- DIN EN ISO 9001:2015 and BS OHSAS 18001:2007
- EN 1090 (EXC3) & EN 3834
- S and U stamps by ASME
- R and NB stamps by NBBPVI

TOROS Manufacturing Plant, Adana, TURKEY

Project: S-Oil Corporation Residue Upgrading Complex, Onsan, SOUTH KOREA

Client: MAN Diesel & Turbo SE & Camfil Power Systems

Scope: Lift Line & Regenerator Blowers and Filtermodules

Project: Siemens Industrial Turbomachinery AB, Finspång, SWEDEN

Client: Siemens & Camfil Power Systems

Scope: Static Filtermodules and Platforms

Project: 450 MW Open Cycle Gas Turbine Power Station, Edo State, NIGERIA

Client: Siemens & Camfil Power Systems

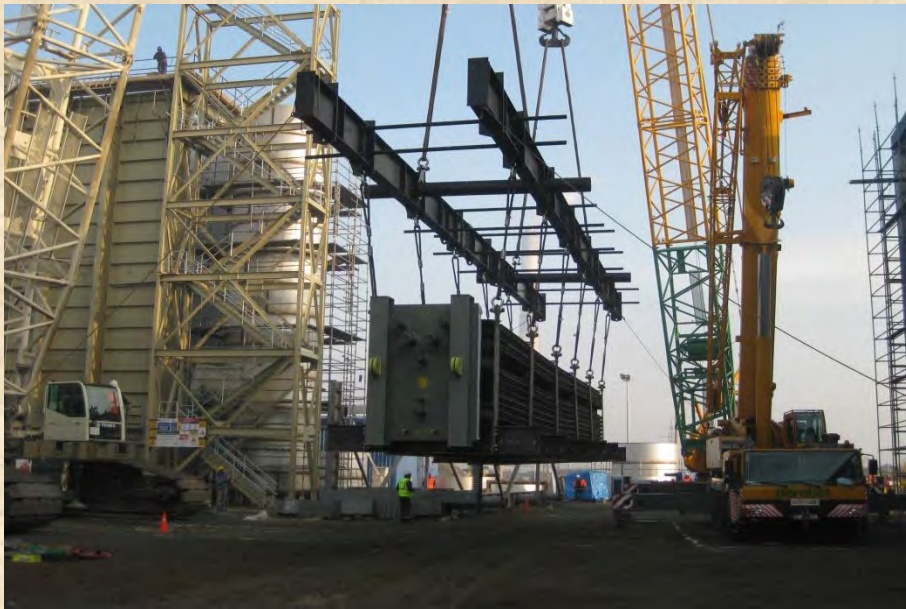

Scope: Air Intake System and Filterhouse Structure

Project: Modernization of Combined Heat and Power Plant, Kazanskaya, Tataristan, RUSSIA

Client: Cockerill Maintenance & Ingénierie, Inc. (CMI)

Scope: Casing, Inlet Duct, Exhaust Stack and Closing Plates

Project: Combined Cycle Gas Turbine Project, Gardabani, GEORGIA

Client: Çalık Energy & General Systems Design (GSD)

Scope: Manufacturing of Coil Bundles

Project: SCR Catalytic Support Structures for Combined Cycle PP, Nishi Nagoya, JAPAN

Client: Toshiba & Nooter/Eriksen Inc.

Scope: Manufacturing of Support Structures for (6) Units

Project: Inlet Duct for Combined Cycle Gas Turbine Project, Great Island, IRELAND

Client: Mitsubishi Heavy Industries & Nooter/Eriksen Inc.

Scope: Inlet Duct

Project: 3x42 MW Power Generation Plant, West Qurna Oil Field, Phase II

Client: ENKA Construction & Industry Co. Inc.

Scope: Diesel Storage Tanks, Hydraulic Seal Drums, Air Receiver Vessels, Nitrogen Eq. Tanks

Project: 3x42 MW Power Generation Plant, West Qurna Oil Field, Phase II

Client: ENKA Construction & Industry Co. Inc.

Scope: Prefabrication of Pipe Spools

Project: Yulchon CCGT, South KOREA

Client: Nooter/Eriksen

Scope: Large and Small Bore Pipe Supports

Tank Applications (50,000 m³ Oil Storage ATAS Refinery, Saline Water Storage SODA Plant)

Project: 125 MW Combined Cycle Power Plant for SODA Factory - Phase I, Mersin, TURKEY
Client: Nooter/Eriksen Inc. Scope: Exhaust Stack, Stair Tower, Ladders, Platforms

Project: 4 x 360 MW Afşin-Elbistan B Thermal Power Plant, Kahramanmaraş, TURKEY

Client: Gama-Tekfen-Tokar J.V.

**Scope: Foundations of Boiler House, Bunker Building, Electrofilters,
Stack and Concrete Superstructure of Bunker House**

Project: Lime Furnaces for SODA Factory, Mersin, TURKEY

Client: SODA Sanayii A.Ş. Scope: Civil works, manufacturing and installation of Lime Furnace

Project: 2x125 MW Combined Cycle Power Plant - Phase II, Mersin, TURKEY

Client: CAMİŞ Elektrik A.Ş., Nooter/Eriksen & GSD

Scope: Exhaust Stack, Stair Tower, Ladders, Platforms. Complete Mechanical Erection

Project: 2 x 660 MW Sugözü Thermal Power Plant, İskenderun, TURKEY

Client: Gama-Tekfen J.V.

**Scope: GRP Cooling Water Piping, Condenser Erection,
Erection of Ash Handling System and Interconnecting Piping**

Project: 1,600MW Shuweihat S3 Combined Cycle Power Plant, Abu Dhabi, UAE

Client: Siemens & Nooter/Eriksen Inc.

Scope: Manufacturing of Exhaust Stacks for 4 Units

Project: 400 MW Huntstown II Combined Cycle Gas Turbine Power Plant, Dublin, IRELAND
Client: Viridian Power & Nooter/Eriksen Inc.
Scope: Manufacturing and Delivery of Exhaust Stack

Project: Absorption/Distillation Unit for Chemical Plant, Mersin, TURKEY
Client: SODA Sanayii A.Ş.

Project: 12 MW Tohma Hydroelectric Power Plant, Malatya, TURKEY

Client: Altek Alarko

Scope: Construction of Powerhouse, Manufacturing and Installation of Penstocks

**Project: Lamas III-IV Hydroelectric Power Plant
Mersin, TURKEY**

Client: TGT Enerji A.Ş. (GE and Gama J.V.)

**Scope: Manufacturing and Installation of Penstocks,
Fire Water System, Roof Steel Structure**
